

YOUTH AND EDUCATION

Made possible by Adobe Systems Inc. Visionary Sponsor of ZeroOne San Jose

ZeroOne San Jose/ISEA 2006 Symposium Education Programs will engage over 500 K - 12 grade students, worldwide, in art & technology programs that take place this spring and summer in classrooms and after-school programs. In addition, during the Festival from August 5-12, daily community media programs, internships, public programs and workshops for youth and their families will take place with festival artists and local artist trainers and arts educators. All projects will be displayed during the festival and be accessible globally, online.

The Festival Education programs are made possible by a generous grant from Adobe Systems Inc., Visionary Sponsor of ZeroOne San Jose: A Global Festival of Art on the Edge and the 13th International Symposium on Electronic Art.

The Flora Family Foundation has generously made additional support to this program.

UNESCO Scenes and Sounds of My City

Screenings – 10am – 3pm daily in the Adobe Gallery August 7-13, 2006

Twenty San Francisco Bay Area and twenty international teen groups, led by a highly-experienced international moderator, follow step-by-step lessons plans in order to create a project that will be on display in the Education Lounge at the ZeroOne San Jose/ISEA 2006 Symposium, in addition to a screening and reception. During the festival ten local youth and ten international youth will be chosen from the participating groups to be a Youth Ambassador Representative at the Festival. This is a cultural and artistic exchange program for one week during the festival that includes art & technology workshops, receptions and activities, based on the work completed in *Scenes and Sounds of My City*.

Festival Program Opportunities

Community Media Programs for Youth & Families

There will be multiple free daily festival community media programs offered throughout the festival (August 7 - 12th in downtown San Jose) to youth (K-12) & families that range from art making workshops & classes, youth events, paid teen internships, festival participation, to pre-festival event public programs that make the ground breaking art of the festival accessible. The programs are in association with Festival artists, local youth arts educators and local youth arts education programs and organizations. Community Partners include: Digital ClubHouse Network; Karoaki Ice/CADRE project; Cobi Van Tonder; Bandwidth Stand and Cyber Parade!

Program Examples: documentary film making workshop series taught by teens; lyric making workshops & karaoke battles; creative Adobe software workshops; musical skateboarding project workshop with a festival artist, MP3 player sock knitting class & much, much more!

Student/Teacher Team Workshops Website Project

This program supports digital arts training series for student/teacher teams, targeting high priority K-12 public schools in Santa Clara County. Based on the student/teacher teams creative interests, projects will culminate in a website showcasing the innovative art and technology projects from multiple contributors.
